

Sunday 19, 1971

Dear Vicki and Jim,

It is a beautiful spring day today and it is really nice to have the sun shining. We have had lots of rain and snow mixed with rain.

Mary and Mike were here last weekend. On Saturday night we went to an auction with them which was held at the Democratic headquarters. It was the first time I had ever been to an auction and it was a lot of fun. We had dinner first at the Swedish Club. We played a little bridge on Sunday. They are coming back this weekend because they have to go to something Saturday night.

Sunday night we are going bowling with Marty and her boyfriend and then back to Marty's for dinner. I haven't

bowed in so many years that  
I don't expect to do very well.

Jayne Carlson is coming over  
pretty soon on her lunch hour.

We are going to have our  
living room, dining room, hall  
and kitchen painted. Two boys  
who are in grade six school are  
going to do it. I just didn't feel  
like doing it myself this time.  
Half the town is out of work so  
it is easy to find help. Now that  
the SST is going to be abandoned  
several thousands more will lose  
their jobs.

Jayne came for lunch. Dad and  
I went out for hamburgers to-  
night and we are going out to  
play bridge now.

Dad is going to find out soon  
when we can leave on our trip.  
The SST might go through after all.  
More later.

Love,  
Mom.
